

### IMPORTANT WARRANTY INFORMATION FOR ALL TECNIGAS EXHAUSTS

**TECNIGAS are now emphasising strict conditions on warranty** Tecnigas silencers and exhausts carry a 60 day warranty. The guarantee is for manufacturing faults of materials and production. The warranty is valid from the day of purchase only if accompanied by a dated proof of purchase receipt.

All exhausts once fitted may require either carburettor re-jetting, and in the case of Automatic Scooters, may require Variator Rollers and Springs to be replaced. These may be different to what was originally fitted to the machine. Other alterations to the machine will also have to be taken into consideration, i.e. conversion kits, larger carburettor fitted etc.

A worn drive belt will slip and cause problems, especially when fitting a part such as an exhaust which will enhance performance. A worn drive belt also lowers gearing slightly and create the misinterpretation that the exhaust is down on performance. A worn clutch that did not slip previously, can begin to slip because of an increase in performance. Scooters that have rev limiters fitted, may not achieve the full potential power increase of a new exhaust.

Certain exhausts come with rollers, but assuming that fitting the rollers supplied are correct, can sometimes be misleading. For example :- one particular exhaust supplied by Tecnigas may fit several machines. **Please check that the rollers enclosed are for the machine concerned.** Certain exhausts have a conical restrictor in the down pipe to restrict power.

**A new exhaust being returned for credit or exchange must be in the original undamaged box, complete with all fittings and instructions.**

**Only the Warranty Department are authorised to sanction Warranties,** therefore the company will not honour any arrangements directly made with Representatives or any other members of the company.

**Claims under Warranty :-** All exhausts must be returned for our inspection, **however please call us first.**

**Returning an exhaust :-** A close thorough inspection is needed to check that there are no dents, grounding marks, scuffs, or filed holes - made into slots, also that the mounting bushes are intact and have been used. If there are signs that the exhaust has been loose on the machine, there will be tell tail signs of polishing on the mounting brackets. Exhausts coming loose or falling from the machine are not covered by warranty.

**All exhausts must be returned complete with fittings e.g. mounting bracket etc. Also, you will have to supply a proof of purchase receipt.**

It is also important to note that Sports / Race type of exhausts that are supplied with a clear lacquer finish over bare metal. These are sold as a fashion item to emulate race expansions and should be treated with an aftermarket heat resistant paint. Once the lacquer has burned off, the bare metal exhaust will be exposed to the elements, which will cause the exhaust to deteriorate, unless some form of protection is used. **Due to the type of product, its use and location, rust is not covered by warranty.**

If an exhaust is allowed to deteriorate to the point of disintegration, it is not possible to cover this under warranty. A failing exhaust will be more evident to the owner. Noise level and vibration would increase considerably and there would be a distinct difference in power output. It is the owners responsibility to report any fault as soon as possible to the supplying dealer. It is the owners responsibility to ensure that any problems with a exhaust are not allowed to escalate to the point the exhaust falls apart. This is not covered by warranty, regardless of mitigating circumstances.

Mufflers / End Cans can be repacked, and as such, after a reasonable period should be considered for such action.

REPLACEMENT PARTS	STAN REF
Silent Sport End Can	TSLSS5

**A TOUCH OF SPORTS APPEAL FOR THE MOST RADICAL SCOOTERS.**

- Steel structure
- Silencer in silver aluminium
- Low noise level
- Maximum performance as a silencer
- Resistance and durability
- Sports and innovative design
- EC homologations available according to directive 97/24/EC

**Please Note:**

Technigas Silent Sport carry a 60 day warranty against faulty workmanship. No claim can be entered into against rust forming on this product. The replacement of the variator rollers may be required when fitting a Technigas Exhaust. The fitting of a sports exhaust alone may not necessarily improve the performance. In some cases Big Bore Kits & up-rated springs etc. may need to be added to improve the performance

**Please Note:** Technigas SILENT PRO carry a 60 day warranty against faulty workmanship. No claim can be entered into against rust forming on this product. The replacement of the variator rollers may be required when fitting a Technigas Exhaust. The fitting of a sports exhaust alone may not necessarily improve the performance. In some cases Big Bore Kits & up-rated springs etc. may need to be added to improve the performance

Perfect balance between top performance and low noise level with stainless steel heart dressed up in aluminium.

- Manufactured in ANSI 304 Stainless Steel
- Outer in 6063 Aluminium
- Optimised to get the best of every 4 stroke engine

**Please Note:**

Technigas 4 SCOOT carry a 60 day warranty against faulty workmanship. No claim can be entered into against rust forming on this product. The replacement of the variator rollers may be required when fitting a Technigas Exhaust. The fitting of a sports exhaust alone may not necessarily improve the performance. In some cases Big Bore Kits & up-rated springs etc. may need to be added to improve the performance

### REPLACEMENT PARTS

#### UPRATE CLUTCH SPRINGS

Clutch Spring Sets + 30%

### STAN REF

TSLCS

#### CHROMED CLAMP FOR SILENCERS (END CAN)

Chromed 50cc - 70cc

TSLSCC

#### END CAN

Titanium Aluminium

0000265

TSLST

- Steel structure
- Silencer in anodised titanium aluminium
- Low noise level
- Maximum performance
- Resistance and durability
- Innovative and racing design
- EC homologations available according to directive 97/24/EC

#### Please Note:

Technigas TREK carry a 60 day warranty against faulty workmanship. No claim can be entered into against rust forming on this product. The replacement of the variator rollers may be required when fitting a Technigas Exhaust. The fitting of a sports exhaust alone may not necessarily improve the performance. In some cases Big Bore Kits & up-rated springs etc. may need to be added to improve the performance

**PERFECT COMBINATION OF HIGH PERFORMANCE AND LOW NOISE LEVEL. EXPANSION CHAMBER MADE IN 12/10 MM STEEL FINISHED WITH BLACK ALUMINIUM CAN OR CHROMED VERSION WITH BLACK ALUMINIUM.**

- High class Technigas racing scooter line
- Steel structure with the cone contracone principle
- Silencer in anodised black aluminium of high quality
- Chrome option with anodised blue Silencer
- Low noise level
- Maximum performance
- Resistance and durability, enhanced with chrome option
- Hand-crafted design
- EC homologations available according to 97/24/EC directive

**Please Note:**

Technigas NEXT R carry a 60 day warranty against faulty workmanship. No claim can be entered into against rust forming on this product. The replacement of the variator rollers may be required when fitting a Technigas Exhaust. The fitting of a sports exhaust alone may not necessarily improve the performance. In some cases Big Bore Kits & up-rated springs etc. may need to be added to improve the performance

**THE BEST CHOICE FOR THE MOST RADICAL OFF-ROAD MOPEDS FULLY HANDMADE IN STAINLESS STEEL.**

- New Tecnigas off-road line
- Stainless steel structure
- Its structure perfectly fits the dimensions from the racing off-road vehicles
- Silencer in Titanium Aluminium following the standards of the off-road vehicle design
- Notable improvement in performance
- Extra durability thanks to the resistance of the main material, stainless steel
- EC homologations available according to 97/24/EC directive

REPLACEMENT PARTS	STAN REF
<b>END CAN</b>	
Black	0000221 TSLENC
The following E-Nox exhausts are now available in Steel, which are cheaper than the Stainless Steel version	
TSLEN02	TSLEN02S
TSLEN03	TSLEN03S
TSLEN04	TSLEN04S

**Please Note:**

Tecnigas E-NOX carry a 60 day warranty against faulty workmanship. No claim can be entered into against rust forming on this product. The replacement of the variator rollers may be required when fitting a Tecnigas Exhaust. The fitting of a sports exhaust alone may not necessarily improve the performance. In some cases Big Bore Kits & up-rated springs etc. may need to be added to improve the performance

## TECNIGAS SILENT ROAD

MODEL	TECNIGAS REF	STAN REF	C.E
<b>HONDA</b> CBR 125	06.141.00	TSLSR01	*
<b>RIEJU</b> RS3	06.141.01	TSLSR02	*

### OPTIMUM PERFORMANCE WITH MINIMUM NOISE LEVEL

- High-quality Technigas 4 Stroke motorcycle line
- Light silencer in high quality anodised aluminium
- Stainless steel interior structure
- Maximum performance as a silencer
- Low noise level
- Design close to the original

**Please Note:**

Technigas SILENT ROAD carry a 60 day warranty against faulty workmanship. No claim can be entered into against rust forming on this product. The replacement of the variator rollers may be required when fitting a Technigas Exhaust. The fitting of a sports exhaust alone may not necessarily improve the performance. In some cases Big Bore Kits & up-rated springs etc. may need to be added to improve the performance

## TECNIGAS RACER 125
